MANY

HARDSHIPS

Confront the Troops at State Encampment.

No Water Provided and What Little To Be Had is Carried in Barrells.

Orell, K., July 2—Many hardships confronted eight companies of the first Kentucky Regiment when it arrived here today for a ten days' encampment at Orell range. Water was at a premium, and what little was secured had to be carried in a barrel from farm houses in the vicinity. Provisions were delayed in reaching the camp and the first day was anything but enjoyment for the troops.

TO WEST POINT

Hopkinsville Boy Gets Appointment From Mr. Stanley.

W. T. Radford, son of Circuit Clerk W. A. Radford, has received an appointment to West Point Military Academy. Hon. A. O. Stanley tendered the appointment some time ago. Radford attended the local High School this year, and was a leader in the junior class. He will leave some time next fall for a preparatory school at West Point.

He is a bright and ambitious boy 16 years of age. He will begin a preparatory course for the examination next spring. His uncle, Maj. Cyrus S. Radford, is an officer in the Marine Corps of the United States Navy.

REVENGE ON WEATHER MAN

People Anxiously Looking for Right Conditions Chuckle When He Catches a Bad Cold.

A grin transfigured the face of the shipping clerk who had telephoned to the weather bureau for particulars on the day's atmospheric outlook. The grin conveyed a pleasing message to the manager.

"No storm in sight, eh?" he said. "No," said the clerk; "but that wasn't what I was laughing at. That fellow down there has got a cold. He's so hoarse he can scarcely speak."

"A cold, has he?" said the manager, and then he also smiled.

In the course of the day hundreds of people about town chuckled gleefully because the weather clerk had lost his voice. The clerk was aware of the hilarity his affliction caused.

"For the first time since I have been connected with the bureau," he said, "I have been able to make the people happy. As soon as an inquirer perceived that my head was all stopped up he began to feel better. If I had predicted a tornado within six hours he would have laughed. Nothing that I can think of makes such a strong appeal to the new general public's sense of humor as a case of influenza in the weather office. The chief and three of his clerks had colds not long ago, and everybody who heard about it thought it the best joke of the season. Apparently they consider us responsible for their own sniffing, and they rejoice in a belated revenge."

"Hello" Equipment.

To do the hello work last year there were more than 288,000 miles of pole lines. There were more than five and a half million miles of pole wire and a half million miles of pole wire, about six million miles of underground wire and nearly twenty-five thousand miles of submarine wire—total miles of wire, 11,642,212. The increase for the year was nearly a million and a quarter miles.

FROM STALK TO PLATE

Kansas Farmer Breaks Record For Making Bread.

Beloit, Kan., June 30.—Biscuits ready to eat made from wheat that was standing in the field just thirty minutes before, is the record made yesterday by W. S. Gable, a farmer living two miles from here. The header was driven into the wheat field at 3:14 o'clock. One minute later the wheat in the tray was at the separator. A quantity was threshed, loaded into the farmer's automobile, and at 3:23 was at the mill. Six minutes saw the wheat come out as flour, and a minute later the automobile delivered the flour at a downtown bakery. Fourteen minutes later, at 3:44, the biscuits were removed from the oven, baked and ready to eat.

Solves a Deep Mystery.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters; it cured me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c at all druggists.

Blind Charity.

"While I think I am rather inclined to give, yet I try to be discriminating, not to give to every beggar with an idle and obviously untrue tale, but," said the nearsighted man to a New York Sun reporter, "I recently felt impulsively for a story new to me."

"Boss," said this man as he looked at me, "I've lost my spectacles and I'm trying to get together money enough to buy another pair."

"You know, if I should lose my spectacles I should be lost myself, and on that story I gave up without another thought."
